A tree-like canopy for shaded rest

Rounded geometry. Climbing plants. An open pedestrian edge.

THE DESIGN INTENT

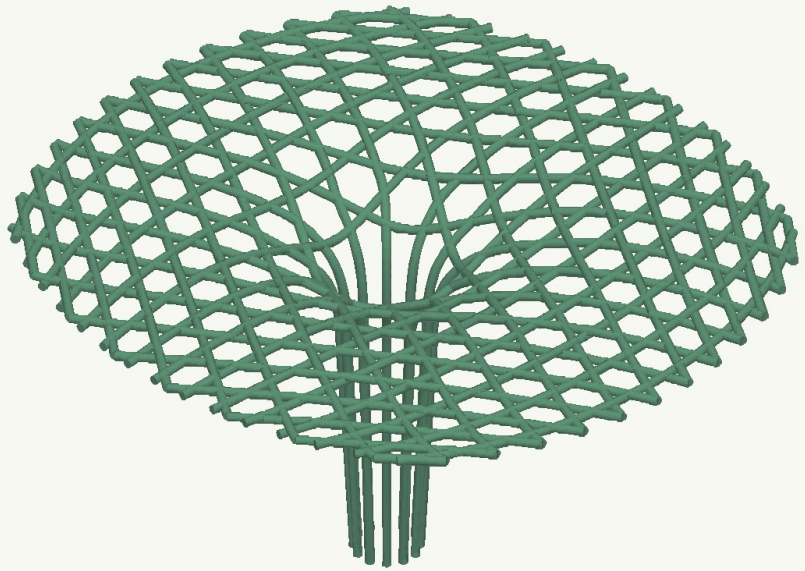

Support vegetation. Organise useful shade.

The D canopy creates a local pause point while keeping circulation open.

Thermal comfort and airflow gains remain to be verified.

D | selected rounded crown

Actual Rhino geometry | 59 pipes | radius 40 mm

D / SELECTED ROUNDED CROWN

6.22 × 6.66 m

OVERALL PLAN EXTENT

3.48 m

MAXIMUM HEIGHT

59

CLOSED PIPE SOLIDS

Source: supplied D geometry and performance report. Geometry shown; vegetation not modelled here.
